ADDENDUM NO. 1

**ADDENDUM TO THE AGREEMENT BETWEEN
REFLEX TRAFFIC SYSTEMS, INC. AND THE CITY OF AUBURN,
RELATING TO THE EXCLUSIVE PHOTO RED LIGHT AND
MOBILE SPEED ENFORCEMENT PROGRAM**

THIS ADDENDUM is made and entered into this 13 day of April, 2006 by and between Redflex Traffic Systems (hereinafter referred to as "Redflex") and the **CITY OF AUBURN**, a municipal corporation of the State of Washington (hereinafter referred to as the "CITY"), as an addendum to the Agreement between the parties for the Agreement related to Photo Red Light and Mobile Speed Enforcement executed on the day of December 12, 2006.

WITNESSETH:

WHEREAS, since the initial negotiation of the agreement between the parties was concluded, clarification of the methodology was sought by Redflex; and,

WHEREAS, based on certain understandings, the City agreed to the request, for which the agreement between the parties should be amended as set forth herein below.

NOW THEREFORE in consideration of their mutual covenants, conditions and promises, the PARTIES HERETO HEREBY AGREE as follows:

ITEM ONE REVISION TO Exhibit B: That Section 1.3 of the Agreement is amended to read as follows:

Develop and submit to the Customer for approval construction and installation specifications for the Designated Intersection Approaches, including but not limited to electrical connections and required traffic control plans as required. All vehicle detection systems for the red light enforcement program will be induction loops installed at the appropriate signal approach. If the City has existing loops at same signal approach, Reflex will be required to replace the City's loops to the satisfaction of the City in conjunction with their loop installation. Redflex also agrees to overlay the affected areas where that is determined to be necessary by the City of Auburn. Any additional costs related to this contract modification/clarification will be 100 percent Redflex's responsibility. If there is an increase in costs related to use of induction loops over video detection for a new system installation, Redflex cannot use that increase in cost as a basis to disqualify the intersection for the cost neutrality guarantee.

ITEM TWO REMAINING TERMS UNCHANGED: That all other provisions of the

Agreement between the parties for photo red light and mobile speed enforcement executed on the 12th day of DECEMBER, 2005, shall remain unchanged, and in full force and effect

IN WITNESS WHEREOF the parties hereto have executed this Agreement as of the day and year first above written.
